Are you a mentor to leaders in Agriculture, FFA, and your community? Do you enjoy teaching youth about agriculture and motivating them to succeed? If you answered YES, the HYPE Academy Team Leader position is for you! Through collaboration of Missouri FFA and MO Corn, the HYPE is a youth leadership academy designed for promising 12th grade students to reach their full potential. It is designed to challenge FFA members to serve as advocates for agricultural industry. In addition, you assist these members to gain key strategies for written and verbal communication skills, leadership and career development. Most importantly, you will challenge and inspire the 30 FFA members attending to take home tools to help them and other FFA members in their home chapters achieve greater success!
